

Progressus Software Project Budgeting

Track Your Budget Effectively	<p>Manage the progress of your project budgets from creation through completion with clear visibility. Progressus supports creating budgets for resources, resource groups, items and expenses.</p>
Copy Budgets	<p>Copy budgets from previous projects or budget templates to speed up the beginning budget process.</p>
Unlimited Budget Revisions	<p>Unlimited Budget revisions are easily tracked and automatically update project statistics such as net profit and margin percentage.</p> <p>Pre-activities such as time, expenses and items can be entered on a project with a separate budget revision, in addition to the ability to set a separate status for activities and the project(s).</p> <p>Manage your budgets more profitably.</p> <p>Easily monitor and enter budget revisions of the current estimate-at-completion and forecast projections.</p>
Budget Matrix	<p>Budget Matrix displays the tasks for a project and allows for budgeting at the level required by the customer. (Examples: daily, weekly, monthly, quarterly, etc.). The matrix makes it easy to make budgets based on quantity and to see available capacity while creating a budget. Progressus makes it possible to split a resource group budget to resources or resource groups.</p>
Increase Estimating Accuracy	<p>Compare budget detail with actuals at the completion of your project down to the task level. By measuring the accuracy of your budget and evaluating the impact on your profitability, you can easily fine-tune your bidding process to ensure future competitive bids.</p>
Integration to Quotes	<p>Generate Sales Orders based on specific activities and estimates created by budgets and budget revisions.</p> <p>Project estimates can be dynamically controlled using budget revisions with full integration to the sales order where it is possible to generate orders based on specific activities and estimates.</p>
