

Dynamics **GP**, **NAV** or **SL** to Dynamics 365 Finance **Fixed-Price Migration**

2021 H2 Promotional Offer

The business case for Cloud ERP just got better. Way better.

Microsoft Dynamics has provided your company with a solid ERP foundation for many years, but the power of Dynamics 365 can help your company reach new heights. From improved security against ransomware attacks, to new levels of reporting and analytics, and a lower total cost of ownership, the potential of true cloud-based ERP has never been more clear.

Take advantage of this unprecedented upgrade offer to make your move to the cloud and **lower upgrade costs by as much as 40%**.

Dynamics Upgrade Analysis [FREE]

Expert review and detailed report of your current ERP environment, including any third-party solutions, in-house customizations, integrations, and expected changes to current processes and configurations. ** Clients pay for analysis up front but will receive as credit towards migration to Dynamics 365 Finance.

Cloud Readiness Assessment [FREE]

Comprehensive review of your other applications, underlying platform, and overall organizational readiness to create a realistic roadmap for your digital transformation journey.

Migration to D365 Finance [FIXED PRICE]

Velosio will create a detailed scope of work and perform the entire upgrade, user training, and first 2 updates from Microsoft. We take on the risk in this fixed-price engagement.

6-Months App Managed Services [FREE]

Change - even the positive kind - comes with challenges. To ensure the best possible outcome, we will provide six months of Velosio Monthly Subscription up to ten hours per month.

Upgrade with Confidence.

Reach out today and schedule time with our experienced migration pros take advantage of this limited time promotion.
